Triassic Solutions becomes Technology Partner of CDAC

Obtains rights to manufacture, market and support iSMART controller globally

Thiruvananthapuram/Delhi, India, December 30, 2014 – Triassic Solutions Private Limited became the Technology Partner of Centre for Development of Advanced Computing (CDAC) in manufacturing and marketing iSMART controller technology. The Transfer of Technology agreement was awarded to Sivakumar S.K., CEO of Triassic Solutions by the Union Minister of Communications & Information Technology Shri Ravi Shankar Prasad on the National Good Governance Day.

Industrial System Monitoring Autonomous Remote Terminal unit (iSMART) is a multi-loop controller capable of simultaneously controlling 2/4 loops. Equipped with powerful mechanisms such as IEEE 802.11b (Wi-Fi), USB, Ethernet and configurable RS232 / RS 485, iSMART adds to the portfolio of technologies possessed by Triassic Solutions in industrial automation.

“Industrial automation is the prime domain of Triassic Solutions and being the Technology Partner of CDAC we can work together to bring the best technology products to market,” said Sivakumar S.K. on receiving the Certificate of Partnership. “This technology enhances our footprint in developing futuristic and scalable services to our customers.”

The *Good Governance through e-Governance* event was organized by the Department of Electronics and Information Technology (DeitY) and saw the convergence of industrialists and policy makers for the Digital India initiative.

Triassic Solutions is a global software services company headquartered at Technopark, Thiruvananthapuram providing software engineering and designing solutions across diverse industry verticals. Triassic encompasses a team of skilled experts in domains including industrial automation, healthcare, enterprise mobility, retail, e-commerce, energy and logistics. They are also an empanelled energy audit service provider registered with the Energy Management Centre of Government of Kerala and the Maharashtra Energy Development Agency. Triassic Solutions is a 2014 winner of the Deloitte Technology Fast50 India award and the Deloitte Technology Fast 500 Asia Pacific award.
